No. 44

GENERALLY SATISFIED

WITH THE AUTONOMY ARRANGEMENT

Comments on the Bills Throughout the Country appears to be generally favorable.

Winnipeg Feb. 23rd.—It is safe to say that nothing has created so much interest in Canada for many years as Premier Laurier's bills on the erection of the new provinces. The discussion is general and the interest tremendous. Comment is to hand this morning from all over the Dominion. Satisfaction is expressed at the fruition of the idea, particularly in the Territories. Conservatives naturally criticize the bills, the Manitoban section being somewhat sore that the boundaries of that province are not being extended, as they are of the opinion that this will delay or bar the building of Roblin's railway to Hudson's Bay. Much comment is also expressed regarding lands and schools for and against but the general tenor of discussion is one of great general approval.

Next to the speech delivered by Sir Wilfred Laurier, after the rebellion of 1885, his speech on autonomy was the finest effort of his life. He traced the history of western Canada with the words of a master painter, and pictured the 20th century as Canada's century, as last century was the United States greatest period.

As for the demand of the Territories for their lands because eastern provinces had secured their's, Sir Wilfred Laurier said that the cases were not analogous. At the time the older provinces were joined they were sovereignities.

HEARING CONTINUED

IN SLAVE LAKE MURDER CASE

Many Witnesses from the Scene of the Supposed Crime give Evidence.

After the testimony of witness Cunningham, given in yesterday's BULLETIN, the next witnesses called were two Indians, one Witigo and his son, who were hired by Serg't Anderson to go into the slough from which, so many curious exhibits in connection with this case, have been taken. While wading in the slough young Witigo found a pair of boots. These boots it is supposed were those by which the impression in the mud near Carden's house were made, as previously explained in the evidence.

The next witness called was Constable Low of the Lesser Slave Lake post of the N.W.M.P. Constable Low's story was a long and a startling one. Briefly he told as follows: On the morning of the 10th of Oct. last I accompanied Serg't Anderson, our commanding officer, to the residence of a man named Geo. Morin. There saw the man King sitting in the house, Serg't told him that the Indians said that there had been a companion with him when he came to camp on the reserve but that he had suddenly disappeared and as the Indians were very superstitious he would like him to explain what really happened so that he could satisfy the Indians. Then King said: "The man you speak about wasn't my partner at all, I never saw him until we were within short distance of the reserve. I overtook him walking on the trail with his belongings packed on his back. We came together to the reserve and camped at the spot you speak of for one night but the next morning he left for Sturgeon Lake. I giving him some grub before he started. I don't know for sure what his name was but I think it was Lyman."

Morin, the owner of the house where we were spoke up and said to King that nearly everyone thought he was smuggling whiskey into the country and Serg't said that was what he thought. Then Low went on to tell about how the next day he went to the house of Morin again with Serg't Anderson, who arrested King there, upon the charge of having murdered his partner. The witness says: "I searched the prisoner."

National Trust Company Limited

Annual Meeting of Shareholders.

The Seventh Annual General Meeting of the Shareholders of the NATIONAL TRUST COMPANY, LIMITED, was held in the Company's Board Room, 20 King Street East, Toronto, on Wednesday, 15th day of February, 1905.

Among those present were the following:—Hon. Justice Britton, J. W. Flaville, Z. A. Lash, K.C., Robert Milgour, H. H. Fudger, C. D. Massey, William Davies, E. R. Wood, W. T. WHITE, W. E. Rundle, R. Home Smith, A. G. Ross, B. E. Bull, William Crocker, M. A. Thomas, Richard Brown, David Smith, Andrew Gunn, Fred G. Cox and H. L. Watt.

The President, Mr. J. W. Flaville was in the chair, and Mr. W. T. White, the General Manager, acted as secretary to the meeting.

The Secretary read the Seventh Annual Report of the Directors, and the Financial Statement, which is as follows:—

The Directors have pleasure in submitting herewith their Seventh Annual Report, showing statement of the Assets and Liabilities of the Company both on the Capital and Trust Accounts as at 31st December, 1904, together with the Profit and Loss Account for the year ending on that date.

The net profits after providing for all cost of Management, Salaries, Advertising, Auditor's Fees, and other expenses, amount to \$92,620.90. This sum, together with \$11,803.12 brought forward from 1903 makes a total at credit of Profit and Loss Account of \$104,424.02, which has been appropriated as follows:

- (a) To pay four quarterly dividends at the rate of 6 per cent. per annum, amounting to \$60,000.00.
- (b) To increase Reserve fund \$30,000.00.
- (c) To write off Office Premises and Safe Deposit Vaults \$10,000.00.
- (d) To carry forward in Profit and Loss Account \$4,424.02.

The Reserve Fund now stands at \$350,000.00, and the total Assets under administration by the Company on Capital and Trust Accounts amounts to \$7,813,583.54.

Respectfully submitted,
J. W. FLAVILLE, President.

W. T. Whyte,
General Manager.

The President in moving the adoption of the report, said:—

The report of your Directors exhibits so clearly the results of the last year's business and the financial position of the Company that it will not be necessary for me in moving its adoption to more than indicate its leading features.

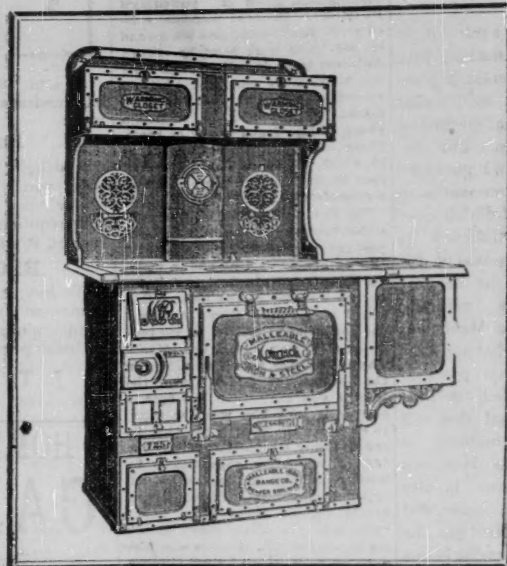

The earnings, amounting to the net sum of \$92,620.90, show an increase of \$3,260.66 over the record of the previous year and represent over 9½ per cent. upon the Company's capital stock. In this connection

(Continued on page 3)

ROSS BROTHERS LIMITED

ARE THE SOLE AGENTS
IN EDMONTON FOR THE

MONARCH RANGE...

There is no question as to what this Range can do or its durability, as thousands and thousands of them are in use on this continent, and so far as we have been able to learn no fault has yet been found with them.

The main body of this Range is built up of sheet steel, and all the other parts that require to be cast are malleable iron. The top is ground to a bright steel finish, and is so heavy that, no matter how long or how hot you heat it, you cannot make it warp or get out of shape.

You will notice that the oven has a drop door, and the above cut illustrates the strength of this door, as any man can stand on it when it is open without straining it in the least. This will give some idea of the strength of the Stove, as all its parts are as strong as this cut of the oven door open with the salesman standing on it would convey to you.

It is a wonderful baker, a very quick heater, and its water front is so constructed that it will heat water nearly twice as quick and on a much less quantity of fuel than any other Range now on the market.

The purchaser of a MONARCH RANGE insures a satisfaction that cannot be measured in dollars and cents, for at the end of ten years' use it will operate as easily and be just as good as when first started.

Remember the MONARCH when you want to purchase a Range.

Ross Bros. Ltd.

NATIONAL TRUST COMPANY MEETING.

(Continued from page 2).

it may be interesting to note for the purposes of comparison the net earnings for the past four years during which period the shares of the company have been fully paid. The figures are as follows:

1901.....	\$78,027.51	1902.....	\$83,206.05
1903.....	\$89,559.34	1904.....	\$92,620.90

In disposing of the earnings for the year your Directors after paying 6 per cent. dividend, have added the sum of \$30,000.00 to Reserve, which has now reached the substantial sum of \$350,000.00. With regard to the General Statement presented for your consideration, you will observe that it has been divided into three parts, the first showing the Company's own assets and liabilities; the second, funds received by the Company for investment under its guarantee and the securities held in trust therefor, and the third, the aggregate of estates and trust and agency funds received and of assets and investments held in connection with the various administrations, executorships, trusteeships and agencies now being carried on by the company.

With regard to the assets held for Capital and Guaranteed Trust Accounts, I may say briefly that the mortgages are of a uniformly excellent character and that the interest payments both here and in Manitoba and the Northwest Territories have been exceptionally well met; that such stocks as we own are not only high grade and listed, but stand on our books at figures lower than their value on the Exchange; that our bonds and debentures are those of Railway, Traction, and Electrical Companies and of municipalities whose security is absolute and that we have always fund loans upon approved collateral with substantial margin a profitable and convenient form of temporary investment of the Company's own funds or such trust or agency funds as we are specially authorized to invest in this way.

It will doubtless be gratifying to the shareholders to note that the total assets under administration by the Company now aggregate nearly \$8,000,000.00.

Your Directors make grateful acknowledgement of the services rendered to the Company by the advisory Board at Winnipeg and the resident Directors of Montreal, and to the staff at the several offices of the Company for the efficient discharge of their duties during the year.

I beg to move, seconded by Mr. Z. A. Lash, the adoption of the report.

A vote of thanks to the General Manager and staff of company was passed, after which the following were elected Directors of the Company for the ensuing year:—

PRESIDENT.

J. W. FLAVELLE, Managing Director The Wm. Davies Company, Limited, Director Canadian Bank of Commerce.

VICE-PRESIDENTS.

Z. A. LASH, K.C., of Messrs. Lash & Cassels, Barristers.
E. H. WOOD, Vice-President and Managing Director Central Canada Loan and Savings Company.

Continued from page 1.

Alexander Sapernauit said he lived at Pitmeafal, previous to the trail from Lesser Slave Lake to Sturgeon Lake. He left Lesser Slave Lake on Sept. 19th and reached Sturgeon 7 days later. Remained there a short time and returned. The trail was in

Monkey Brand Soap restores all stains,
rust, dirt or tarnish - but won't wash
clothes.

HEARING CONTINUED.
Continued from page four.

such a condition that foot marks would have been noticeable. He did not see any foot marks. Did not see or hear of any stranger at Surgeon Lake.

John Baptiste Moran was called. He lives with his son at Lesser Slave Lake. Recognized the prisoner. First saw him at the crossing at Lesser Slave Lake. Was on the lake in a canoe when he saw the prisoner on shore. Prisoner asked witness to take him across the lake. He did so, the horses being led behind the canoe. Prisoner had a dog with him which had a collar on and a chain attached. Witness identified the dog and chain which has so often come up during the case. Another dog was following prisoner but witness understood it was taken from him at the H. B. post and belonged to another man. Witness left prisoner on the shore. Did not see his camp or outfit, except the horses.

Edward Glad said he lived at Lesser Slave Lake. He recognized the prisoner whom he had first seen on the south side of the lake opposite Stony Point. Witness took him across the lake. Had no outfit with him.

The witness, Xavier St. Arnaud testified to having talked with the prisoner King whom he identified, about buying the horses and traps which King wished to sell. He did not buy them.

The testimony given by the next witness was probably the most conclusive of the hearing. He is the grandson of the Chief Mootood and told about how one day he was going by the place where two men had been in camp and saw a nearly extinguished fire whose ashes covered a large spot of ground. There being no one in the camp he went over and looked about. He noticed some nearly burned pieces of cloth in the ashes of the fire and also some buttons among the ashes, one of which he picked up and examined. The ashes of the burned cloth lay just as the cloth had lain and so very distinct.

The last witness called yesterday afternoon was an Indian named Patoekin who lives on Alexander's Reserve near Riviere Qui Barre. He testified to having been up at Lac La Nonne, starting for the Athabasca river. While on the Lesser Slave Lake trail and near the Athabasca River, he overtook two white men with four pack horses and an ordinary camping outfit. He identified the prisoner as one of the men called Charley and upon being shown a picture and asked if he recognized either man in the picture, he immediately put his finger on one of the men, which proved to be the missing Hayward. He noticed several things in their possession which have been brought into evidence before.

Witness Benjamin Patoekin was recalled this morning and testified that he heard the deceased Hayward often call his man King very familiarly by the name of Charley.

Next witness called was the sister of the man Patoekin. She was with him when he met the two white men Hayward and King on the Athabasca river and her testimony corroborated almost entirely in corroborating the story of her brother, as to the carrying of the white men and their belongings across the river.

Angus McLennan, the factor of the Hudson's Bay post at Surgeon Lake was the next witness called. His testimony was in effect as follows. It was on the 19th of September I was returning to Surgeon Lake and in passing stopped at Lesser Slave just opposite Brocken and Cornwall's store. I was sitting in front when I heard a shout, and upon going out saw a man on the opposite side of a little creek by which I was camped. I went across the creek to him and talked with him. He told me that he intended going into the Peace River country trapping and that he had a partner, but that he turned back. So as he was getting short of money he would have to sell his outfit and go back to Edmonton. I told him to go over to Brocken and Cornwall's or Hudson Bay Co's store and probably they would buy his outfit. He wanted to go that night but I told him it would be impossible as there wasn't any boat but that I would go over as tomorrow and send a man over after him. He camped on one side of the creek and I on the other. The next morning

3 Main Street Corners, well located. \$1,600, \$1,600 and \$2,500.

Half a dozen good propositions near the C.N.R. station site.

\$110 to \$250 buys E. and lots.

Some A1 Farm propositions.

Come in and we'll do our best to suit you.

THE GREAT WEST
LAND CO., Ltd.

I went over to the other side and sent a man back as I said I would. While talking with him, he asked me how far it was to Sturgeon Lake and over which trail and I showed him the way, saying that it was about 80 or 90 miles from where we were. He said one reason why he wished to go over to the store was that he decided to change some cartridges which he had that did not fit his gun. In cross examination the witness became somewhat incoherent in his answers and not able to be accurate as to the order of events which passed between the prisoner and himself.

The next witness called was Chas. Cowley who lives near the Pembina river. He testified to having been called out from his shack one day last August by a couple of white men who wished to find water on a place so that they could have dinner. He showed them where it could be found and went back to his own meal. After dinner taking a boy along with him he went down by where these men were camping. He stopped and talked with them a while and in the course of the conversation called the boy with him by his Christian name 'Ted'. Why that is my name said one of the men whom the witness identified in a picture as Hayward. Then the (witness) stated that his name was Charles, which the other man said was his name also.

This one more item of proof possessed by the prosecution that King had when he said (as the testimony so far has shown that he did) that he didn't know the name of Hayward.

Resuming, the witness completed his story by telling about how he started the men on the trail which leads to the Lesser Slave Lake and that was the last he saw of them.

ENGLAND WRATHY

OVER THE NORTH SEA DECISION

Rumors that Kuropatkin has been
outflanked and forced to retire.

London, Feb. 23rd.— Rumors are
current here that Kuropatkin has
been outflanked by the Japanese and
compelled to retire from his position
Russian military men about the idea.

Popular indignation in growing
space at the Paris dispatches re the
North Sea decision, which is claimed
to be the death blow to arbitration.
England's costs on the "commission
will be heavy.

A tremendous strike has commenced
in Warsaw. Railways, telephones,
and telegraph are all tied up. The
military hold all stations and tele-
graph offices and persistent rumors
are current of peace between Russia
and Japan.

Many Bodies Recovered

Birmingham, Ala., Feb. 23rd.—75
bodies have been recovered from the
Virginia mine horror.

The Virginia mines are located
about 18 miles from Birmingham.
Two hundred and five men were en-
cumbered in the mine and it is believed
that all are dead. Relief trains carry-
ing physicians and laborers have
been sent to the scene of disaster
from both Birmingham and Bessemer.
The mines are owned by the Alabama
Steel and Wire Co. and are located
by Feil & Co. Both white and colored
miners are employed, and only re-
cently another miners went to work. It
is stated that the accident was caused
by a cave in, due to the giving way
of the timbers.

Salesmen Wanted

No Experience Necessary

If you are able to talk and will follow instructions you can make at least \$5.00 per day. We furnish you, FREE, a handsome book containing a large range of samples of cloth for Suits, Overcoats and Trousers; measuring line, fashion plate and letter of instructions. This outfit will enable you to get as much business as if you carried a fine stock of goods.

You require no money.
The work is very simple.
If you are honest and mean business, and want to improve your position, tell us and we will show you how.

The Canada Tailoring Co.
TORONTO

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft coal, and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates, may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1500 by 1500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the tide or vein.

The claim may be recorded within ten days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted of the

Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 100 acres.

The location for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining. Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1000 feet. Where steam power is used, claim 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The leasee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the leasee may dredge to high water mark on each alternate leasehold.

The leasee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The leasee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The leasee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year, royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river, and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within the limits of mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$5. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not so obtained, the claim may be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and at least \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated lands in Manitoba, the Northwest Territories and within the Yukon Territory are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 400 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery by a well exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

Hardware.

Imported Enamel Ware, Elite and Anglo. Have you inspected these high-class goods? If not, why not? We carry complete lines of Household Utensils. Every article guaranteed.

REVILLON BROTHERS, LIMITED.

Nine Nations

Now Use Liquezone. Won't You Try It—Free?

Millions of people, of nine different nations, are constant users of Liquezone. Some are using it to get well; some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere; your neighbors and friends are among them. And half the people you meet—wherever you are—know some one whom Liquezone has cured.

If you need help, please ask some of these users what Liquezone does. Don't blindly take medicine for what medicine cannot do. Drugs never kill germs. For your own sake, ask about Liquezone; then let us buy you a full-size bottle to try.

We Paid \$100,000

For the American rights to Liquezone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquezone destroys the cause of any germ disease.

Liquezone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the

most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for them troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Any physician or hospital using Liquezone will be gladly supplied for a test.

Forces—Gall Bladder, Gonorrhea—Gleet, Gout—Gravel, Rheumatism—Sciatic, Syphilis—Tuberculosis, Venereal Disease, Yaws.

All diseases that begin with fever—all inflammation—all catarrhs—all contagious diseases—all the results of tropical or malarial climate. In persons desiring Liquezone sent as a vitamin, accompanying bottle for a large cash sale.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquezone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquezone costs 50c. and 75c.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and mail it to The Liquezone Company, 231-24 Wabash Ave., Chicago.

My doctor is _____
I have never tried Liquezone, but if you will supply me a 50c. bottle free I will take it.

N. LEGER, Prop.

EDMONTON ALTA. CANADA

POPULATION, 7,500

CITY GOVERNMENT:—

Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. H. Picard, W. A. Griesbach.

Conveniences:—Waterworks, sewer systems, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, J. H. Morris, Secretary, F. F. Tims.

Immigration Officer:—C. W. Satter.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 11.50.

LOCAL

—Train on time.

—Probs:—Continued mild.

—Rain fell yesterday at Regina and Prince Albert.

—A company is being formed in the city to manufacture rubber stamps and office supplies.

—Lot 31 block 7 on Victoria ave, was sold by A. E. Voyer yesterday for \$1000.

—The Strathcona hockey team defeated Olds 5 to 3 at Olds on Monday. Last night the touring team were defeated by Calgary 2 to 1. The ice was very soft.

—Alberta:—The North-West Mounted Police are calling for volunteers to join a party to stake a trail through the Peace River country to the Yukon. The term of service will be for two years.

—The rehearsal for Trial by Jury by the Operatic Society last night was a splendid one. The choruses are beautifully balanced and are being sung with an abandon equalling the singing of many of the best professional choruses. The performance promise to be a great treat to Edmonton's many music lovers.

—Special prayer services will be held in the Methodist church, College avenue on Friday Feb. 24th., the first service beginning at 3 o'clock in the afternoon and the second at 8 o'clock in the evening. A programme will be rendered in the evening. All Christian and Temperance workers are cordially invited to be present.
